◆ 2 YEAR LIMITED GLASS BREAKAGE WARRANTY

Madico, Inc., warrants the film installation at the address below against thermal stress and thermal expansion glass breakage caused as a direct result of this installation on vertical glass only, subject to the terms and conditions and limitations set forth on the reverse side of this certificate.

◆ 2 YEAR LIMITED IG UNIT SEAL FAILURE WARRANTY

Madico, Inc., also warrants the film installation at the address below against insulated glass seal failure caused as a direct result of this installation on vertical glass only, subject to the terms and conditions and limitations set forth on the reverse side of this certificate.

MADICO'S OBLIGATION UNDER THE WARRANTY

If glass breakage or seal coverage failure does occur as a direct result of an installation of an approved Thermo-Safe film, upon verification of warranty coverage Madico will replace the broken glass or insulated glass and the window film, provided, however, that if the cost of repair or replacement of any one window, including re-installation, exceeds \$500.00, Madico's obligation shall be limited to payment of \$500 for that window.

TERMS & CONDITIONS

To qualify for the seal failure coverage, the customer must present documentation displaying that the manufacturer's seal failure warranty coverage is in force at time of film installation. **Installations over 1,000 square feet require prior Madico approval and are subject to a fee schedule.** This two year IG unit seal failure coverage will not exceed the term limits of the seal failure warranty coverage period provided by the manufacturer of the IG unit.

As a condition of coverage, this glass breakage and seal failure coverage must be registered within 30 days of installation commencement. Coverage is non-transferable from the original purchaser of the film and is only valid on approved film-to-glass applications in the United States and Canada.

THIS WARRANTY DOES NOT COVER ANY THERMO-SAFE FILM INSTALLED ON:

- ◆ Circular, Round (excluding arch-tops), bent, laminated, textured, wired glass or skylights
- ◆ Partially shaded glass panes (exterior shading of 20% or more of an individual glass lite)
- ◆ Triple or quadruple pane IG units
- ◆ Glass with any single edge dimension greater than 10 feet
- ◆ Any single glass pane greater than 100 square feet total
- ◆ Any single IG unit greater than 40 square feet total
- ◆ Glass 3/8th inch or thicker
- ◆ Damaged, chipped, cracked or scratched glass
- ◆ Glass with paint, lettering, vinyl graphics
- ◆ Glass with concrete framing
- ◆ Wood windows with putty as the glazing sealant
- ◆ IG units with black or bronze spacers
- ◆ Glass with metal framing that has no gaskets or seals
- ◆ Any building that has a history of glass breakage and seal failure problems
- ◆ Broken Glass or IG units with seal failure prior to installation of the film
